EMPIRICAL EXPLORATION IN MANAGEMENT AND ORGANIZATIONAL
RESEARCH: A SHORT WORKSHOP ON ABDUCTIVE REASONING AND THE
ROLE OF ACADEMY OF MANAGEMENT DISCOVERIES

Stanford University
Graduate School of Business
Knight Management Center | 655 Knight Way
Stanford, CA, USA 94305-7298

Friday, September 7, 2018
TIME: 9:00 AM – 1:00 PM

Academy of Management Discoveries (AMD) -- the journal for empirical
exploration in management and organizations -- invites submissions for its
regional paper development workshop. The purpose of this workshop is to help
authors develop their ideas for papers that may ultimately be submitted for
review in AMD.

About the Workshop:
This event will include presentations by AMD’s Editor, Peter Bamberger, as well
as Associate Editors, Jennifer Mueller, Christopher Tucci, and Sandra Robinson,
as well as Founding Associate Editor, Chet Miller and Advisory Board Member,
Jeff Pfeffer. Hands-on paper development discussions will follow the plenary
session.

Presentation topics include:
- Abductive (as opposed to deductive and inductive) reasoning as a necessary
  basis for research in management and organizations
- Plausibility vs. Confirmation, and the distinctive nature of AMD papers.
- Surfacing phenomenon: Phenomenology and scale development research in
  AMD
- Meta-analysis and replication research in AMD
- Using big/secondary data as a basis for theoretical insight
- How to maximize the odds of paper acceptance in AMD

Roundtable paper development sessions:
- Feedback on papers that authors are considering for submission to Academy
  of Management Discoveries
- Up to 5 papers presented, discussed and developed at each table.
- Each table discussion led by a current or founding AMD Associate Editor
- Tables open to both paper authors and non-author participants
Discussions will focus on framing, methodological rigor, empirical follow-up, interpretation, and specifying directions for down-the-road theorizing.

**WORKSHOP STRUCTURE**

<table>
<thead>
<tr>
<th>DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>Welcome</td>
</tr>
<tr>
<td>Plenary Session: AMD -- The Journal for Empirical Exploration</td>
</tr>
<tr>
<td>Break-out sessions for paper review and development</td>
</tr>
<tr>
<td>• In each sequence, each AE gives feedback on 4-5 papers. Authors give 5 minute presentation to the group.</td>
</tr>
<tr>
<td>• This is followed by 10-15 minutes of AE feedback</td>
</tr>
</tbody>
</table>

**REGISTRATION and Application to the Workshops:**

Link to register and/or upload your extended abstract:

**REGISTRATION AND APPLICATION**

As space is limited, preference will be given first to those whose papers are being discussed in the roundtables. Additional spots will be allocated on the basis of first come, first served.

- Those who wish to have their paper reviewed and discussed should submit an extended abstract (between 5 and 10 pages of text) of their papers or paper ideas by August 31, 2018. Abstracts will be accepted on a competitive basis.
- The abstract should provide a synopsis of the research question, its relevance and significance, a statement relating to the limited ability of extant concepts and/or theory to provide a coherent response to that question, the empirical approach, and the implications of the findings for down-the-road theorizing.
- Extended abstracts should be about 10 pages, double spaced, excluding tables, figures and references. To upload your abstract at a later date, click ‘EDIT SUBMISSION’ from your confirmation email.
- Before you submit your extended abstract please make sure that your extended abstract is appropriate for AMD by reading AMD's Mission Statement and Principles and the FAQ's.
- Those who wish to participate in the workshop without submitting a paper for review and discussion need only register (Select “Attending without submitting an abstract” on the form).
- Paper feedback sessions are open to all, but discussions will revolve around papers submitted and accepted for discussion at the workshop.

Please contact amd@aom.org with questions and inquiries.
