The editors of Academy of Management Learning & Education (AMLE) invite applications for a Paper Development & Reviewing Workshop (PDW) to be held at Chalmers University of Technology on May 29, 2020. The purpose of this event is to provide authors with developmental feedback so they can improve papers they intend to submit for review at AMLE. We encourage submissions from faculty members, post-doctoral researchers and doctoral students who want to develop their papers for publication in the journal.

Consistent with the mission of AMLE, extended abstracts can be submitted on all management learning and education topics, using all types of theory, at all levels of analysis, and using all empirical methods. During the workshop, authors will be broken into roundtable groups in which each author will present their work followed by a discussion of the author’s work led by at least one of the members of the AMLE editorial team. The intent is for all authors to receive actionable feedback that can then be incorporated into their papers.

Those who wish to have their paper reviewed and discussed in a round table workshopping format should submit an extended abstract (between 8–12 pages double spaced including references and tables, figures) by Friday June 15, 2020. The abstract should provide a synopsis of the research question, its relevance and significance, a statement relating to the limited ability of extant concepts and/or theory to provide a coherent response to that question, the empirical approach, and the preliminary implications of the findings for theory and practice. For essays, the abstract should focus on the specific idea being developed, the theory that informs the argument, and the key components
of the author’s call for action. Before you submit your extended abstract please make sure that it is appropriate for AMLE by reading AMLE’s Information for Contributors.

**Preliminary Schedule**

10:30 – 11:30 am  
Introduction to Publishing for AMLE  
Bill Foster, AMLE Editor in Chief

11:30 – 2:00 pm  
Roundtable Workshop Discussion of Papers & Ideas  
(including a break for lunch)

2:00 – 3:30 pm  
Final Discussion and Reviewing for AMLE
